Dec 2, 2023 – May 26, 2024, *Unfinished Business* | Newport Art Museum | Newport RI

- *This exhibition featured important works of art from the Museum's collection by people who identify as women. The Newport Art Museum has endeavored to increase representation of women in its permanent collection. Whereas women artists once comprised less than half of the contemporary collection, they now represent seventy-percent. These works were acquired to support the Museum's mission, which is "to share a diversity of art and experiences that spark reflection, inspiration, discovery, and connections within our Newport community and beyond.*
